### **Recreational Program**

The “in-house” program is designed for beginning and developing soccer players. The program is organized by age.

### **Recreational Programs- Common**

- The programs have three main goals: Participation, Education, and Social Skills.
- All games are played within the fields at Primary Elementary.
- Emphasis is on skill development, sportsmanship and fun.
- Players receive equal playing time and play a variety of positions throughout the season.
- Games are played for the “love of the game”. Game scores are not reported and team standings are not kept for all teams except for 3<sup>rd</sup> & 4<sup>th</sup> grades.
- An effort is made to form teams with an equal distribution of ability. At the youngest ages, this can be done with the random selection of players.
- Player fees are used for uniforms, rewards, equipment and field maintenance.
